## E-Brief News

### Cutler Bay Acquires Lakes by the Bay Park

On January 21, 2010 the Miami-Dade County Commission conveyed Lakes by the Bay Park to the Town of Cutler Bay. Lakes by the Bay Park is a 49 acre park located east of SW 87<sup>th</sup> Avenue and north of SW 216<sup>th</sup> Street. It took almost 30 years for this park to become a reality for the local community. In 1972, Lennar Homes dedicated this area for a community park. Councilmember Bell, Mayor Vrooman, and Town Manager Steven Alexander through hard work and perseverance, many Council workshops and meetings with Commissioner Sorenson and other County staff members were able to secure an agreement for the Town to finally acquire the park. The Town will also receive \$8.6 million to develop Lakes by the Bay Park and it is forecasted to be completed in two years.

### 2010 US Census – “It’s In Our Hands”

The U.S. Census counts every resident in the United States, and is required by the Constitution to take place every 10 years. The 2010 Census will help communities receive more than \$400 billion in federal funds each year for things like, hospitals, job training centers, schools, senior centers, public works projects, and emergency services. The data collected by the census also help determine the number of seats your state has in the U.S. House of Representatives. In **March** of 2010, census forms will be delivered to every residence in the United States and Puerto Rico. When you receive yours, just answer the 10 short questions and then mail the form back in the postage-paid envelope provided. If you don't mail the form back, you may receive a visit from a census taker, who will ask you the questions from the form.
