

FACT SHEET

Miami-Dade County
Department of Transportation and Public Works
Project No. 20190279
Caribbean Boulevard Bridge Replacement
Bridge No. 874431

Project Description:

The project is located along Caribbean Boulevard over C1-N Canal, between SW 103 Avenue and SW 103 Place within Miami-Dade County Commission Districts 8 & 9. The proposed project consists of replacing Caribbean Boulevard Bridge no. 874431. The replacement of the bridge was proposed to increase the C1-N canal width for more efficient flow, and to update the bridge with the most current design and safety standards. The proposed bridge will feature new, wider sidewalks and bicycle lanes on both sides of the road for increased pedestrian and bicycle safety. Roadway safety features will also be updated to the latest design and safety standards, to include milling and resurfacing, updated roadway transitions and new signing and pavement markings.

Construction Schedule:

Construction is scheduled to begin in April 2021 and is anticipated to be completed in November 2022*.

**The start and end dates of this work may be significantly impacted by labor and material shortages associated with the ongoing COVID-19 pandemic, as well as by weather events characteristic of the hurricane season.*

Methodology and Efforts:

All efforts are being made to minimize the impact from the construction activities to area residents, schools, businesses and motorists. The area will be restored to its original condition immediately upon completion of the construction activities. The restoration activities will address any areas impacted by the project, such as grassy areas, sidewalks and other items affected by the construction.
