

Run Your Activation Card

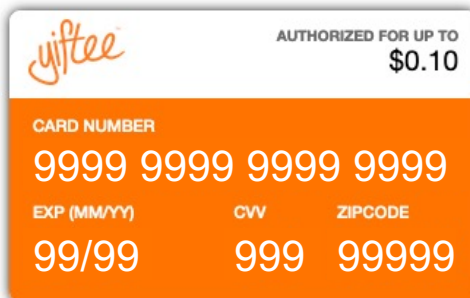

You will receive an Activation Card from Yiftee in your email. Please make sure to check your spam and junk folders if you don't see the email in your inbox. Follow the instructions at the bottom of the page and key in the sixteen-digit code into your POS system.

Your Merchant Name

Your activation hasn't been completed -- Process the activation card in your POS and check the status by refreshing this page

Run this **ACTIVATION** card on
your POS to activate your listing!

Voucher Redemption by MasterCard

By running this Activation card in your POS you will activate your business on Yiftee

What am I signing up for?

Yiftee is an eGift card solution for all businesses that is powered by the MasterCard network. It is all digital, there is no gift card stocking or tracking, no new equipment, and no discounted pricing. Being part of the \$110 billion gift card market has never been easier!

Cashier Instructions

- 1 This Activation card works like a credit card but has a **maximum value of \$0.10** (it's OK if you have to run it for \$1.00; it will decline but we'll get the information we need).
- 2 Manually enter the number (as if phone order).
9999 9999 9999 9999
- 3 Enter Expiration Date: 99/99
- 4 Enter CVV/CVC: 999
- 5 If you need a billing address, use
Yiftee, 325 Sharon Park Drive #215, Menlo Park, CA 94025

What's Next After I Activate my Business?

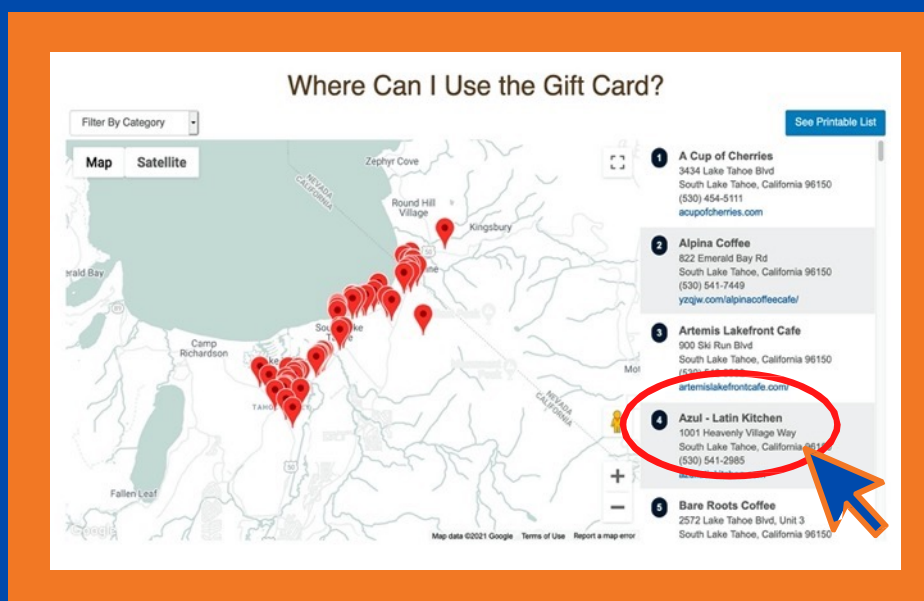

Your store is featured on Yiftee's website: www.yiftee.com. This enables new customers to find you via their smartphone or the web, and to send eGift cards from your shop to their friends, clients or employees.

We send you an email confirming your listing, plus an invitation to install your unique Yiftee eGift button on your own website. Yiftee's eGift button allows your customers to share their love of your shop by sending eGift cards to their friends directly from your website.

You will receive a Yiftee Welcome Packet via mail, that will include stickers, marketing information, and training materials.

Run Your Activation Card (Continued)

Once the Activation Card has been processed, you'll see your business on the map in your Community's online portal.

Please Note:

- Running your Activation Cards means you “opt-in” to your Community Card program and agree to the Merchant Agreement here: <https://bit.ly/2Ovc0ga>
- Activation Cards may take up to 24 hours to process before your business is live on our site and before you can start accepting gift cards.
- If your PoS system requires a minimum transaction of \$1, run the Activation Card for \$1. It will get declined, but we'll still get the information we need to add you to the program.
- Businesses with BOTH store front and online shops must run different Activation Cards through both PoS systems. Businesses with multiple PoS systems must run a different Activation Card through EACH system.
- If a business changes their PoS system or Credit Card processor, they must run a new Activation Card.
- If you need a new or additional Activation Card, please contact your gift card Organizer or support@yiftee.com.
