Create Reports Online

To create reports online, you must have access to:

- A computer equipped with:
 - An Internet connection.
 - A web browser configured to accept cookies and with pop-up blockers disabled. In this document, the examples shown use Internet Explorer.
 - Adobe® Acrobat® Reader, which you will need to view and print your reports. If you don't have the Reader software on your computer, you can download it free of charge from www.adobe.com.
 - A connected or networked printer, if your county requires you to file a hard copy of the report or you want a hard copy of the report for your records.
- A candidate ID and password. This will be provided to you by the elections office.
 - Candidates need a new ID each time they run for office, even when they are running for reelection to the same office. Committees also need a new ID for each election.
 - Committees of continuous existence typically can keep the same ID, but this varies from county to county. Some counties prefer to assign committees of continuous existence a new ID for each election.
 - The password can be changed after you log in. See [Change a Password or PINs](#) for instructions.
- PINs for the candidate and campaign treasurer password.
 - If your county permits electronic submission of financial reports, two 4-digit PINs will be provided to you by the elections office. You can change the PINs after logging in. See [Change a Password or PINs](#) for instructions.

Your county might have other requirements, so check with the elections office before you begin.

Getting Started

Important: Log in to only one instance of the system in your browser. Having the system open in multiple browser windows at the same time can cause undesirable results.

Log in to the Campaign Financial Reporting system.

1. Type the following Web address into your browser:

https://www.voterfocus.com/ws/WScand/candidate_pb.php?county=<county>

Replace the text <county> with your county name. You can enter lowercase or uppercase letters.

For example, if your county is Holmes, you would enter:

https://www.voterfocus.com/ws/WScand/candidate_pb.php?county=holmes

2. Press the **Enter** key on your keyboard. You'll then see the Candidate Log In page:

Candidate Log In

Important Notice Campaign finance reports must be completed and submitted (filed) through the electronic filing system not later than midnight of the day required by law therefor, and that late-filed campaign finance reports are subject to the penalties prescribed under Section 136.07(3), Florida Statutes.

Numeric Candidate ID (no leading zeros) Password

[Forgot Password?](#)

3. Enter your candidate ID and password.

The password is case-sensitive. That means you have to enter the password in exactly the form given to you by the elections office: if a letter is uppercase, you must enter it in uppercase; the same goes for lowercase letters. Your password might also have numbers.

Note: You can change your password once you log in. See [Change A Password or PINs](#) for more information.

4. Click **Login**.

Password Reset

Your county may require that you change your password the first time you log in. If that is the case, after you click **Login**, you will see the Candidate Reset Password page:

Candidate Reset Password

The administrator has required that you reset your password upon first login.

New Password

Re-enter Password

1. Enter a password in the **New Password** field, and then enter the same password in the **Re-enter Password** field to confirm your entries match.

Passwords must meet the following requirements:

- Must be more than 8 characters in length.
 - Cannot be the current password.
 - Cannot be *password*.
 - Cannot include any county name.
 - Cannot be commonly used phrases or passwords.
2. Click **Reset Password**.
 3. On the Candidate Log In page, re-enter your candidate ID and your new password and click **Login**.

Time Periods When Financial Reports are Required

Colors indicate reporting periods:

Past Reporting Periods (beige)

Current Reporting Periods (green)

Future Reporting Periods (blue)

The reporting periods are color-coded to help you choose the correct period for reporting data.

The past and future reporting periods are locked to prevent you from inadvertently entering current data into a past or future report. If you need to enter past or future data, you can easily unlock the report by clicking **Unlock this report**.

The colors of the reporting periods switch automatically at midnight on the due date of the current report.

If any of your reports are overdue or the due date is less than ten days away (that is, nine or fewer days from today), you'll see a message like this at the top of the page:

Warning!
Your 2015-5 report is now overdue 1 day.

About Petty Cash

In Expenditure Type, notice that there are two types for petty cash:

- Use Petty Cash Withdrawn when withdrawing funds from the campaign account for petty cash. This will add an expenditure of the entered amount to your report.
- Use Petty Cash Spent to record an expense out of petty cash.
- Petty Cash Spent does not add an expenditure to the report because the expenditure was already recorded as Petty Cash Withdrawn.

It's important to keep accurate petty-cash records so your final report will balance.

When you've completed the form, click **Submit**.

After the expenditure is saved, you'll get another blank form where you can add the next expenditure.

Click **Cancel** when you've saved the last expenditure you want to add.

The **Expenditure Type** should be one of these:

Preview a Report

Previewing of reports isn't required. But it's a good idea to preview the report before you submit it, to catch any data entry errors, missing transactions, or other anomalies.

You can preview a report as many times as you like, make changes, and preview it again until you are confident it is correct and complete. Then you can submit the finished report to the Supervisor. Once a report has been submitted, it cannot be changed, so you want to be sure you preview each report carefully.

Important: Previewing a report DOES NOT submit the report to the Supervisor.

To preview your report at this point, click **Prepare Totals** (shown below) to open the Prepare Totals page.

Prepare Totals

NOTE: This is NOT your OFFICIAL report -- it is a PREVIEW ONLY. After your review, you must use the CREATE FINAL REPORT FOR REVIEW button to generate your final report and then you must assign your PINs to the report to officially file your report with our office.

You only need to install Adobe Acrobat one time. If you have not previously installed Adobe Acrobat, click here to download it 

Note: If you haven't installed Acrobat Reader on your computer, you must do it now. Click the **Acrobat Reader** icon to go to the download site.

Click **Preview** in the banner to open your report in PDF format.

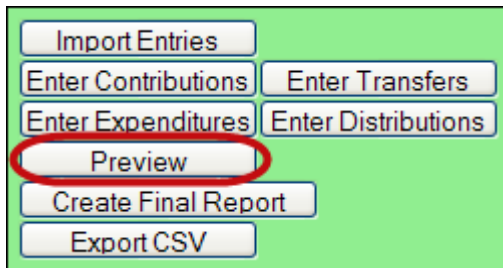

Check the draft report carefully to verify everything is correct and complete.

The preview version of the report has a **DRAFT** watermark on each page.

The elections office cannot accept a draft report. You must submit a final report.

Tip: Forgot to add a contribution or expenditure? That's OK! You can continue to add them after your preview.

On the Report List, notice that the **Prepare Totals** button is now labeled **Preview**.

Click **Preview** at any time to display the report. If transactions are added, the button label returns to **Prepare Totals**, which means you need to total the new transactions in the report before you can preview it again.

Record a Distribution

A transaction is a distribution only if it is a:

- **Credit Card Payment**—Linked to the expenditure that represents payment of the credit card bill on which the purchase appears. Only statewide candidates may use this type of distribution.

Each purchase made with the credit card will be itemized under [Enter Distributions](#) and linked to the expenditure that represents payment of the credit card bill on which the purchase appears. The credit card may be used only for travel-related expenses.

- **Prepaid Distribution**—Reserved for up-front, lump sum payments to be disbursed to different entities at a later date. (For example, payment to a media consultant who then makes disbursements to newspapers and television stations.) Related entries under [Enter Distributions](#) will be reported and linked to the expenditure as they occur.
- **Reimbursement**—Reimbursement for authorized expenses made in connection with the campaign. (For example, Candidate Smith paid for printing of campaign signs with his own money. A check to reimburse him for the cost would be recorded as a Reimbursement.)

Distributions do not add to your report totals. They are used only to report pro-rata amounts of an already recorded expenditure to provide detail for:

- Refunds to contributors
- Donations to charitable organizations
- Contributions to political parties
- Donations to the State general revenue fund
- Return of matching funds to the State.

To record a distribution:

1. Click **Enter Distributions** (shown below) to open a page with descriptive requirements for a distribution transaction.

Import Data from Campaign Application

Import File Requirements

The system can import any file that meets the Division of Elections Campaign Finance Reporting File Specifications:

[Dos.myflorida.com/elections/candidates-committees/campaign-finance/filing-campaign-reports/](https://dos.myflorida.com/elections/candidates-committees/campaign-finance/filing-campaign-reports/)

For a list of State-approved software vendors for electronic filing, see:

[Dos.myflorida.com/elections/candidates-committees/campaign-finance/filing-campaign-reports/vendors/](https://dos.myflorida.com/elections/candidates-committees/campaign-finance/filing-campaign-reports/vendors/)

Candidates or committees using campaign finance reporting software, such as Campaign ToolBox™, can import contribution, expenditure, distribution, and fund-transfer data from a file created by the application directly into the Campaign Financial Reporting system.

When you import data from a file, the transactions are added to the report you are working in. Be sure to review the report prior to submission to verify the data matches what you intended to import and make any adjustments manually.

Important: When you import a file from your campaign finance reporting software, if there are existing entries in the Campaign Financial Reporting system for the reporting period you are importing entries in to, these entries will be replaced with the information from your file.

Note: Before importing a file, verify that you have not manually entered contributions, expenditures, distributions, or fund-transfer data in to the Campaign Financial Reporting system. If so, verify that these entries also exist in your campaign finance reporting software.

Contributions from persons with protected-address status are not shown in reports. Instead, the notation *****Protected***** is shown in place of the address. The Campaign Financial Reporting system scans the county's voter registration database for voters with protected addresses and automatically redacts those addresses from campaign reports, so they cannot be seen by the public or the Supervisor's staff. If you are aware of a contributor with a protected address who is not in your local county's voter database, please advise your Supervisor of Elections.

When finished, click **Submit**.

On the next page, you now have two entries (in yellow) representing the changed item:

- The first entry deletes the item as it was filed in the original report. (Notice the word *Delete* in the Amend column.)
- The second entry adds the item with the changed values. (The Amend column shows *Add*.)

In this example, we changed the contribution amount from \$50.00 in cash to \$100.00 by check.

Export Data to a Spreadsheet

The system has two ways to export your financial data to a Microsoft Excel comma-separated values (.CSV) file. The **Export CSV** option collects all data for the selected report.

The **Export All Transactions CSV** collects all data from all reports in the election.

Both options create a file named *CFinExport.csv* in your C:\Temp folder.

When you click either button, you'll see a message asking if you want to open or save the file. You can view the file immediately or save it to a different name and location.

The spreadsheet file contains this information:

- Date the item was recorded
- Whether it's a contribution (C) or an expenditure (E)
- Contributor or vendor name and address
- Contribution type
- Contributor's occupation
- Item type
- Description
- Amount
- Whether the item was recorded in the original report (blank) or an amendment (A)

Campaign End Reporting

On the Report List, you will see a section for the termination report, which is the absolute last report that will be submitted by your campaign. This report states the financial status of your campaign after all contributions and expenditures have been reconciled. It should also show how any surplus funds were disposed of.

The termination report might not appear in the Report List at the beginning of the campaign, but the elections office will add it to your reporting dates at the appropriate time. Note that it might not be named *Termination Report*. The elections office can give it any name, such as 2021-Final.

	2015-Final (10/01/2015 - 10/31/2015)	-	-	

When it's time to file the termination report, its row is green.

To file this report, you must add any outstanding contributions and expenditures that haven't been reported in an earlier report.

If surplus funds remain in the campaign account, the termination report should include an expenditure that disposes of those excess funds. When you enter this expenditure, be sure to select **Disposition of Funds** for the expenditure type.

 Disposition of Funds to Petition Verification
 Reimbursements

To report on the disposition of surplus funds, select one of the **Disposition of Funds** options in the **Expenditure type** field. For a description of each type, see page 15.

Campaigns sometimes confuse **Disposition of Funds** and **Enter Distributions**. Remember that **Disposition of Funds** is a type of **expenditure**, whereas a **distribution** is a type of transaction referring back to a previously recorded expense.

You will see the item listed, but the amount will not be reflected in the total expenditures for the period. Nor will the amount be included on the Report List—in the Total Exp column—although it will be counted as an *item*. This design is in accordance with Division of Elections requirements.

Update Candidate Photo and Bio

You can place a JPEG file, such as a photo, and descriptive text on the page that voters see when they visit the Campaign Financial Reporting system.

A photo and text about the candidate or committee are nice to have, but they are not required. If you don't provide them, here is what voters will see:

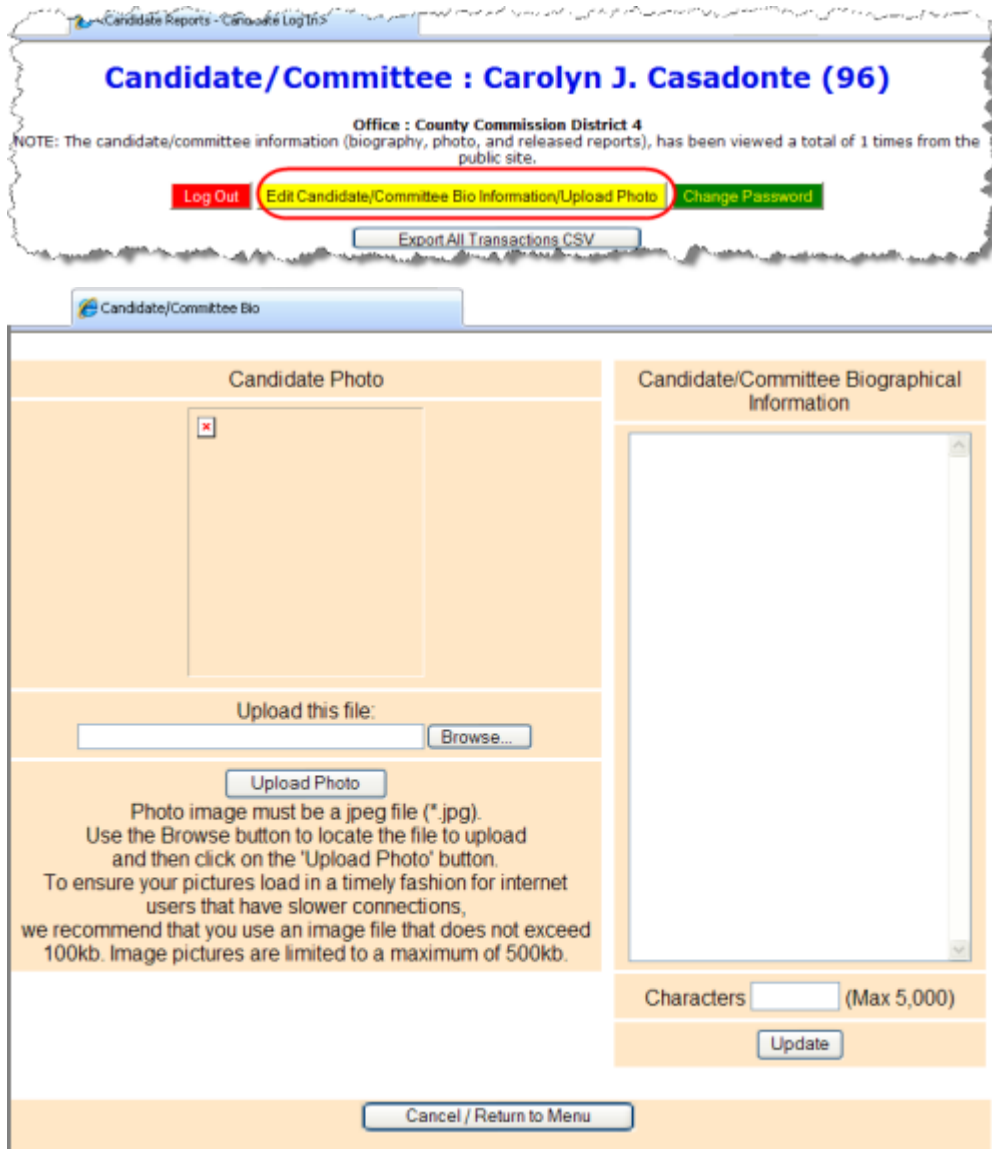

The item in the photo area need not be a photograph. Committees might prefer to show their logo instead. But the file placed in this area must be a JPEG file (a file with the 3-character extension JPG).

The system won't accept a JPEG file that's larger than 500 KB. It's best to use an even smaller file, if you can. Smaller files display more quickly to website visitors, especially if a visitor has a slow Internet connection.

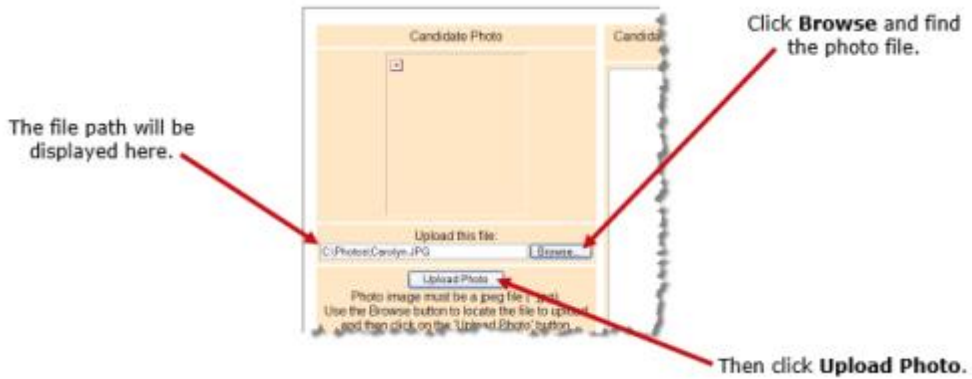

Note: Images with large dimensions (that is, large pixel sizes) might not display properly in certain older browsers.

Upload a Photo

1. On the main (Report List) page, click the yellow button to open the Candidate/Committee Bio page.

2. Click **Browse** and navigate to the JPEG file you want to use. Then click **Upload Photo**.

When the file has copied to the system, you'll see this message along with the photo file:

3. Click **Return to Main Menu** to return to the Report List.

Enter Candidate or Committee Text

1. On the main (Report List) page, click the yellow button to open the Candidate/Committee Bio page.

In the Candidate/Committee Biographical Information pane, type the information you want to display to voters. You can enter up to 5,000 characters. The number of characters you have entered displays in the Characters box. When you are finished, click **Update**.

Note: When a candidate updates their bio for the first time, they will need to remove any html elements that might have been entered before the change. If no html elements were added then updates will happen as normal.

After Your Updates

If you ever want to change the photo or bio, just return to the Candidate/Committee Bio page and upload a different photo or edit the bio text.

To see how your photo and bio appear to voters, enter the address in your web browser, replacing <county> with your county name:

https://www.voterfocus.com/ws/WScand/candidate_pr.php?c=<county>

You might not see your photo and bio immediately. Your county might reserve the right to review your information before it is released to the public on their website. Check with the elections office for your county's policy on this.

You can change the password assigned to you by the elections office. A password can be any combination of letters and numbers.

Change your password:

1. On the Report List, click **Change Password/PINs**.

2. In the Enter Old Finance System Access Password field, enter your current password. This step is required, even if you are only changing one or both PINs.
3. To create a new password, enter and reenter it in the two fields provided for the new password. The password can be up to 12 characters—letters and/or numbers—and is case-sensitive. If you don't want to change your password, don't make any changes to the password fields.

Simply click **Yes** to proceed into the Campaign Financial Reporting system.

Should you forget your new password, see the instructions for [resetting a password](#). If you forget your PINs, contact the elections office. They will be able to retrieve them for you.
